VOLUME 92—NUMBER 83

ONE KILLED WHEN
U. S. DESTROYER IS
HIT BY A TORPEDO

First Loss Suffered By Naval Vessels In Fight With Enemy

NO DETAILS MADE PUBLIC;
DESTROYER REACHES PORT

Gunner's Mate Blown Overboard and Body is Not Recovered

(Associated Press Telegram)
Washington, Oct. 18.—The story of the first casualties of the war aboard an American warship was told today in the published announcement by the navy department of the torpedoing of a United States destroyer in the European war zone by an enemy submarine. The casualties were one killed and five slightly injured.

The destroyer made port in a damaged condition. The extent of her damages, however, were not revealed for military reasons.

The dead man is Osmond Q. Ingram, gunner's mate. He was blown overboard of the explosion and his body was not recovered.

News of the incident, which occurred October 16, was flashed to the navy department last night by Vice Admiral Sims. A detailed report from Admiral Sims is being awaited by the department.

None of the wounded was seriously hurt. They are: Herman H. Fauratz, gunner's mate, St. Louis; William E. Merritt, seaman, New York City; Frank W. Kruse, fireman, Toledo; Patrick Rutledge, oiler, New York City; William Seimer, fireman, Dundas, Minn.

Vice admiral Sims cabled a brief report of the incident to the navy department late today. He gave few details, but it is assumed there was no fight and that the U-boat made her escape after launching a torpedo without showing itself.

In accordance with the policy of secrecy concerning American naval operations, the department did not divulge the name of the destroyer or the exact place of the encounter.

This is the first time an American warship has been hit by the enemy since the war began. Destroyers convoying troops and merchantmen have engaged submarines and are believed to have accounted for some of them, and the ships patrolling the European shipping lanes undoubtedly have had many encounters, but until yesterday, none had been touched by a hostile shot.

Naval guns crews on armed American merchantmen have not been so fortunate. Many of them have had to abandon their charges and take to the boats, usually after an unwary torpedo attack, and one officer and 13 men have lost their lives, while four men now are in German prison camps.

In all, the navy has lost one officer and 16 men, the only men of America's fighting forces actually killed in action.

Lieutenant Clarence C. Thomas, commanding the gun crew of the tank steamer Vacuum, and several of his men, were the first on the navy's casualty list. In addition to the men lost on merchantmen and Gunner's Mate Ingram, two naval flyers have lost their lives at the French front.

Naval officers do not doubt that the torpedo destroyer was taken unaware by the submarine and had no chance to bring her guns into play. They think it probable that the U-boat, cruising in search of merchant victims, stumbled upon the patrolling destroyer and was fortunate enough to get into position to launch a torpedo and dive to safety without ever showing more than her periscope.

It is believed that the destroyer must have been steaming slowly over her beat, for at top speed these craft present an almost unhittable target to the submarine.

In a story mailed from the base of the American fleet in British waters, under date of September 30, the Associated Press correspondent says:

In the five months of active service that they have seen in the great war the American destroyers have steamed collectively a total distance of 875,000 miles. This is more by several times than the distance cruised in two whole years of peace.

And what makes the figures all the more impressive is that they have been reached without the loss through an accident of war of a single life or a very serious mishap to any of the units.

Roughly the destroyers have spent five-sixths of their time at sea and the average time in port has been three days after each turn of five or six outside.

Clear weather and long days have favored them and aided the men in learning the technique of their business of combating the submarines conveying troop ships and merchantmen, patrolling the shipping routes and rescuing survivors from torpedoed ships.

The Americans, therefore, can claim no small part of the credit for the gradual decrease in shipping losses. First of all, the addition of their units to the allied forces, patrolling as they do an area as large

HALF POUND OF MEAT
IS WEEKLY ALLOWANCE

(Associated Press Telegram)
Washington, Oct. 18.—Recently obtained figures on the German weekly food ration were made public by the food administration today with the observation that it is far below the amount required to maintain bodily health and vigor, and is likely to have serious and permanent results.

Computed in terms of American house keeping the weekly ration amounts approximately to four and a half pounds of bread, a half peck of potatoes, a cupful of beans, peas or oatmeal, a half pound of meat, twelve cubes of sugar, six individual patties of butter, and an equal amount of other fats. The caloric value of these foods in the aggregate is less than half the amount estimated by the food administration as sufficient for a person in a sedentary occupation.

GARFIELD WAITS
FOR REPLY FROM
THE OPERATORS

(Associated Press Telegram)
Washington, Oct. 18.—The fuel administration today was waiting to hear the result of its warning yesterday to coal operators and miners that interference with the nation's production at this time could not be tolerated. Although Administrator Garfield did not detail the steps to be taken to terminate the industrial unrest, it is generally known that congress has empowered the President to take over and operate the mines if he considers it necessary.

Following a conference with John White, president of the United Mine Workers of America, regarding the unsettled labor situation in the central west, Dr. Garfield telegraphed a peremptory reminder to both producers and workers of their pledge not to permit a diminution of the output. Any effort at an upward revision of prices would lead to a postponement of decision on that point.

John C. Graham, president of the Thin Seam Coal Operators association of northwestern Pennsylvania, announces today that a meeting of the organization would be called in Pittsburgh Oct. 23 for a discussion with representatives of the fuel administration of an appeal for a 50 cents differential over the two dollar rate now on Pennsylvania thin seam bituminous by the government in August.

Fuel Administrator Garfield, John P. White, president of the United Mine Workers of America, coal operators and others conferred again today over the strike situation in Illinois. Telegrams were received from a number of labor union officials announcing that they were advising the strikers to return to work and that they were doing everything possible to bring about an adjustment.

Labor union officials telegraphed to the fuel administration that they were urging the Illinois strikers to return to work.

RAILROAD MEN NAMED.
(Associated Press Telegram)
Columbus, Oct. 18.—M. J. Caples, Columbus, vice-president of the Chesapeake and Ohio railroad has been selected by state fuel administrator Homer H. Johnson, to be director of transportation of his department. J. M. Roan, who was director of the state coal clearing house, has been put at the head of the operators committee and B. F. Nigh, who was Mr. Roan's assistant, has been made head of the dealers committee.

WESTERN MINERS CONFERENCE.
(Associated Press Telegram)
Kansas City, Oct. 18.—Three district presidents of the United Mine Workers of America, representing the states of Missouri, Kansas, Oklahoma and Arkansas met here today for the purpose of deciding on a course of action to be taken regarding a statement by Federal Fuel Administrator Garfield that a strike of miners in this state called for.

BLAME ENEMY FOR
INCITING FEELING
AGAINST NEW LOAN

(Associated Press Telegram)
Washington, Oct. 18.—The treasury department today has under way a stern campaign of repression against the enemy agents guilty of attempts to incite popular feeling against the Liberty loan. The action is based on reports forwarded to officials here. In some parts of the middle west efforts to disparage subscriptions to the loan have been especially noticeable. Surreptitious activities of the seditious individuals, it is said, have extended even to the national capital.

Charges of propagandists that the men of the national army bitterly opposed the war were amply refuted by an announcement that army subscriptions already total \$26,000,000. Pro-German depositors of banks in some localities, it is reported, have endeavored to intimidate the institutions from assisting them in removing their accounts. Certain publications, it is claimed, have printed editorials unsympathetic to the loan, and many cases have been reported where property arbitrarily has been refused to permit campaign posters to be placed on their property.

TEUTONIC NAVAL
CREWS IN MUTINY
AT OSTEND BASE

Washington Also Learns of Clash Between Germans and Austrians

SEVERAL OFFICERS KILLED
AT POLA; AUSTRIAN BASE

Naval Crews Revolt When Drafted For Service On U-Boats

(Associated Press Telegram)
Amsterdam, Oct. 18.—A mutiny among German sailors at the Belgian port of Ostend, who refused to go on board submarines, is reported by the Belgisch Dagblad. The newspaper says an officer was thrown into the sea and that 30 mutineers were removed in handcuffs to Bruges.

(Associated Press Telegram)
Washington, Oct. 19.—Official diplomatic dispatches received here today report mutinies in the Austrian navy and clashes between Austrian sailors and crews of the German submarine fleet based at Pola, in which officers on both sides have been killed and which resulted in a decision to change the base of the German flotilla.

Despite the attempt of the Austrian admiralty to suppress the news, it reached here today, coming by way of Berlin. The Austrian crews are said to have revolted until treatment of officers and bad food, while the clash with the German submarine crews was caused by the overbearing conduct of the latter.

The dispatch says the tension between the Austrian and German crews became so alarming that extraordinary measures were taken to prevent a recurrence of the fighting between them which included the decision to move the submarine flotilla from the Austrian base at Pola to another point further south on the Adriatic. The fighting between the two sets of crews is described as having been sanguinary.

This news of mutiny in the Austrian navy, received in the capital today almost at the same time as the Amsterdam dispatches reporting further mutinies in the German navy—this time among submarine crews—created a profound impression among American naval officers and among other officials who have been watching the situation with expectation since the first mutinies in the German fleet were regarded as most significant, since unlike the army it has endured little of the hardships of campaigning. Dispatches from abroad, however, confirm the opinion of American naval officers that it probably was due in part at least to the drafting of seamen for submarine crews, a service which has come to hold terrors for the German seamen because of the inflexible British policy of never making any announcement whatever of the fate of captured or lost crews of the German submarines.

This suspense as to the fate of comrades who go out never to be heard of again was expected to undermine the morale of the navy.

Clashes between German and Austrian crews are regarded in naval circles here as adding much significance to the situation, particularly when considered in the light of the extreme situation of Austria whose fighting forces are at the point of exhaustion.

BERLIN BANK SAYS
IT SENT MONEY TO
VON BERNSTORFF

(Associated Press Telegram)
Copenhagen, Oct. 18.—The Deutsche bank admits in the Vossische Zeitung which prints four columns on the Bolo Pasha affair that it transferred a sum of money, amount not stated, to Ambassador von Bernstorff through Hugo Schmidt. The bank acted upon instructions from a source "generally responsible for the payment of salaries and other payments to our ambassadors" and did not concern itself with the purpose to which the money was applied.

The Tages Zeitung makes the Bolo affair the text for an attack on the judgment and ability of Von Bernstorff, whose candidacy for the imperial chancellorship evidently is still feared by the Pan-Germans.

Bolo Pasha now under arrest in Paris as a German spy, came to New York in February, 1916, and got nearly \$1,500,000 from Von Bernstorff, then German ambassador at Washington, to finance his activities in France which included a plan to bring about a separate peace between France and Germany, according to testimony obtained by the attorney general of New York early this month. Hugo Schmidt formerly represented the Deutsche bank in New York and he has admitted that he acted as paymaster in the Bolo affair. Schmidt told the attorney general of New York he did not know what use was to be made of the large sum he paid to Von Bernstorff and did not know Bolo Pasha personally.

(Continued on Page 2, Col. 3.)

UNITED STATES ENVOYS WILL TAKE
PART IN GREAT ALLIED WAR COUNCIL

General Pershing, Admiral Sims (top right) and Ambassador Sharp.

At the great military conference shortly to be held in Paris it is considered likely that Gen. John J. Pershing, Vice Admiral Sims and Ambassador William G. Sharp will represent the United States. Their appointment has not been officially announced, however. At this conference the United States and the allies will take stock of the military and political situation and map out a program of policies governing the preparations for the great spring drive of 1918, in which the American troops will receive their baptism of fire.

ALL WOMEN MUST REGISTER ANEW IF THEY
WANT TO VOTE FOR MEMBERS SCHOOL BD.

All women in this city desiring to vote for members of the board of education this fall at the November election must register. The registering booths will be open from 8:00 a. m. to 2:00 p. m. o'clock Friday and Saturday and in the evening from 4:00 to 9:00.

The fact that women registered two or four years ago does not give them the right to vote this year. All registrations expired last year (presidential year) and women voters must register anew if they would vote for members of the school board.

BANK ROBBERS GLAD NO BLOOD SPILLED;
HELD FOR TRIAL UNDER BOND OF \$10,000

L. H. Shultz, 25, and Earl Davis, 22, are in the county jail in default of \$10,000 bonds fixed by Mayor C. D. Coons of Granville, before whom the men were arraigned late Wednesday.

The two young men are charged with having robbed the Granville bank yesterday morning of \$5,399, after forcing Harry F. Pierce, assistant cashier, and Miss Addie Slack, bookkeeper, into the vault. All of the stolen money except \$34 was recovered. They were taken to Granville yesterday afternoon after their capture and arraigned before Mayor C. D. Coons and pleaded not guilty.

Mayor Coons then bound them over to the grand jury in the sum of \$10,000 bail each, and they were brought to Newark and turned over to Sheriff Chas. H. Swank at the county jail. They were captured by C. O. Burke at Hebron.

An advocate representative endeavored to persuade the young men to pose for a picture, but they refused stating that they did not want any word of their troubles to reach their mothers, one of them stating that he would rather do a stretch of years in prison than have it reach home that he had endeavored to rob a bank.

The two young men first reached Newark on Friday, Oct. 12, and registered at the Arcade Hotel, being assigned rooms that evening. They mixed around town, conversed freely with everybody and formed a number of girl acquaintances, being seen at the moving picture theatres with girls every evening. They usually retired about 11 o'clock and were found of talking of the army. The youngest boy gave his name as Earl Davis and the taller as L. H. Shultz, and both registered from Ft. Benjamin Harrison.

Davis claimed that he had received an appointment as an instructor of raw recruits at the camp and Schultz claimed to be a member of the artillery. Their extended stay here did not excite suspicion and they even sought the company of several of the local patrolmen.

After their arrest Landford Jesse Walter found a small cheap grip in their rooms and it was opened later and found to contain a fraternal of them inscribed "4-F" and "28-A" the number evidently being some regiment and the letter the company. There was also a pair of cheap canvas gloves, a half dozen lead pencils, one black cap, two army pistol holsters, two suits of army overalls and blouses, worn by rookies before receiving their uniforms.

(Continued on Page 11, Col. 3.)

GERMAN REPORTS
OF BRITISH LOSSES
FALSE, REPORT SHOWS

(Associated Press Telegram)
London, Oct. 18.—Refuting reports from German sources that the casualties among British officers in the recent attacks were "unusually severe," the secretary of the war office issued a statement last night showing that the total officer casualties for the month of August in all theaters of war were 263, or a daily average of 183. For September the total officer casualties were 312, or a daily average of 106.

The statement points out the highest daily average of officer casualties in all theaters was in July, 1916, when it reached 282.

"These figures," the statement adds, "include all casualties however slight. Many officers returned to duty even before the casualties had been published."

GERMAN FLEET SINKS
SLAV BATTLESHIP IN
GULF OF RIGA BATTLE

Petrograd Report Says Russians Were Out-classed in Range and Numbers and Were Forced to Withdraw After Engagement With Main Baltic Fleet

BERLIN CLAIMS CAPTURE OF 10,000 MEN
AND FIFTY CANNON ON OESSEL ISLAND

Coast Batteries Aid Russian Fleet Until Heavy Guns of German Ships Silence Them With Well Directed Shots—Slav Torpedo Fleet Fights Off Attempted Flank Movement and Small Vessels Rescue Crew of Battleship Slava Which Sank During Engagement—Berlin Claims Russian Fleet is Trapped in Riga Gulf

(Associated Press Telegram)
Berlin (via London), Oct. 18.—The Germans have taken 10,000 prisoners and 50 guns on Oessel Island, the war office reports.

The Russian naval forces in the Gulf of Riga have been trapped by the Germans, according to the announcement. It says German naval units are lying in the eastern portion of Kasnar bay, north of Oessel Island, and are barring the passage westward.

Portions of the German naval forces pressed forward through the mine field in the Gulf of Riga to the southern exile of Moon Sound. The statement says there was short engagement with about 20 Russian warships, which later retired to Moon Sound.

(Associated Press Telegram)
Petrograd, Oct. 18.—A naval battle has occurred in the Gulf of Riga between Russian and German battleships, the war office announces today. The Russian battleship Slava was sunk.

The Slava sank as the result of being hit several times beneath the waterline. Nearly all the members of the crew were saved by Russian torpedo boats.

The announcement follows: "After depriving us of control of Irbe Channel the enemy at night penetrated the Gulf of Riga, where at dawn yesterday his naval forces were discovered by our patrol detachment, which was pressed back to Moon Sound by enemy cruisers and torpedo boats. Our ships of the line Grawhdant and Slava, and the cruiser Bayan went out to meet the enemy in the Gulf of Riga, and drove back his vanguard by their fire. They soon encountered the principal enemy fighting units and engaged them. Among the latter were two dreadnaughts of the Grosser Kuerfuerst type (25,000 tons).

"During the battle the enemy adopted the tactics of firing at distances beyond the range of our guns, his artillery range being superior to the artillery of our old ships of the line.

"In spite of the clearly manifested superiority of the enemy our ships defended the entrance for a considerable time and only severe damage caused by the first of his dreadnaughts forced us to retire into the waters of the Moon sound. As the result of several hits beneath the water line the Slava sank. Nearly all the crew were saved by our torpedo boats.

"During this engagement our coast batteries at the entrance to Moon sound dispersed by their fire, enemy torpedo boats which attempted to approach our ships. Afterwards the fire of one of the enemy dreadnaughts was directed on those batteries and they were put out of action in a short time.

"Another detachment of our naval forces in Moon Sound kept back fierce enemy attacks from the north in the rear of our combatting forces. These enemy attempts did not succeed."

The Slava, built in 1903, was an old type battleship of 13,516 tons, 397 feet in length, 76 feet beam

and 26 feet draft. Her armament consisted of four twelve inch and twelve six inch guns, with 24 secondary battery guns and four torpedo tubes. Her speed was 18 knots. She had a complement of 825 men.

Three sister ships of the Slava, the Imperator Aleksander III, the Borodino and the Knyaz Suvorov were sunk during the Russo-Japanese war in the battle of the Sea of Japan May, 1905. The Japanese captured a fourth sister ship, the Orel, which is now the Japanese Iwami. The Slava was stationed in the Gulf of Riga as long ago as April, 1916, in which month the German admiralty reported having dropped bombs upon her in that gulf, several hits and a fire being reported. Her men were involved in the disaffection in the Baltic fleet which followed the revolution but later were restored to favor.

HUNGARIAN ARTIST
INTERRED IN LONDON;
WELL KNOWN IN U. S.

(Associated Press Telegram)
London, Oct. 17.—The Central News says it understands that the appeal of Philip Alexius Laszlo de Lombos, a popular Hungarian painter, who is well-known in the United States, against internment has failed.

The appeal, it is stated, was heard today before the advisory committee of the home office. The witnesses who supported the appeal are declared to have included several poets and three prominent statesmen.

It is asserted by the news agency, however, that the explanation of a high official of the reason for the internment order finally disposed of the painter's chances for release and he will be interned for the duration of the war.

Although legally an alien enemy, Laszlo at the beginning of the war was a resident of London. He was ordered interned in September, 1914. Laszlo was born in Budapest in 1868. In 1912 he was made a noble by the emperor of Austria.

Among his best-known paintings are portraits of Prince Hohenlohe, for which he received the gold medal at the Paris salon in 1899, and of Pope Leo, for which also he was awarded the gold medal in 1904. Other portraits painted by him were of King Edward VII., Queen Alexandra, Emperor William, and former President Roosevelt.

Laszlo is a chivalier of the legion of honor, a chivalier of the order of Pius X., and also has received decorations from Austria-Hungary, Germany, Portugal and Spain.

CRUSHED BY BEAM.
New Lexington, O., Oct. 18.—Garret Watts, 35 years old, was instantly killed when a four-ton beam suddenly broke from a striping shovel at the Kehota mine yesterday.

THOUSANDS ATTEND DAIRY SHOW; OPENS IN NEW BUILDING

(ASSOCIATED PRESS TELEGRAM)
Columbus, Oct. 18.—Visitors from all over the United States and a few from foreign countries were arriving in this city today to attend the National Dairy and Food Show which opens tonight in the newly erected coliseum on the state fair grounds. Hotel accommodations in Columbus are all spoken for and may have engaged rooms in surrounding cities.

More than 3,000 head of cattle and horses are entered in the dairy show and the horse fair which is being held in connection with it. That Columbus temporarily is transformed into the center of the dairy cattle industry of the world and that the horse fair has turned the eyes of horsemen to Ohio's capital, is shown by the presence of Maketto Agatto, a Japanese, here to purchase a train load of horses for his government. Other foreign buyers, especially from the allied countries are expected to arrive during the next few days.

This year, the huge dairy show, the largest held in this country, will be turned into an immense short-term college course for instruction in food conservation. Food conservation will be taught in nearly every dairy exhibit. Experts from the United States government department of agriculture and from state agricultural departments and colleges from all over the country will give daily demonstrations on how food may be conserved in an effort to help the United States and her allies win the war.

Herbert C. Hoover, the nation's food administrator himself, will attend the show and on the evening of October 22 will speak at a mass meeting of the dairy industry. He will tell of the work being done by the federal food administration and how the dairymen can do their "bit."

"Don't slaughter the dairy cow" will be one of the principal slogans of this year's show. Exhibits will exploit the value of the dairy cow and show how dairy products can be utilized at home so that grains and other non-perishable foods can be shipped abroad to our allies. Other exhibits will urge against the slaughter of calves.

Everything was in readiness today for the opening of the show tonight. Hundreds of workmen have transformed the state fair grounds and have completed the new \$250,000 coliseum, the money for which was appropriated by the last Ohio legislature. Dairy show officials say that this year's show will be the largest and most important ever held.

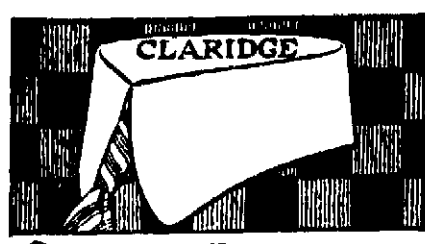

Prizes to be awarded to cattle and horse exhibitors will amount to more than \$40,000. Hundreds of thousands of dollars worth of fine-bred cattle and horses have arrived, and according to the show managers, the entire exhibition will cost approximately \$150,000 in addition to the \$250,000 spent by the state for the big Coliseum.

Sophia the 19th, the greatest milk and butter producing cow that ever lived, will be on exhibition. Sophia is valued at \$25,000 and is owned by C. I. Hood of Massachusetts. She will be shipped here in a special car and will receive nearly as much attention and care as some noted statesman. She is insured for \$50,000.

Pyramids of milk cans and butter tubs will be on exhibition to give the layman a definite, concrete idea of just how much butter and milk one prize cow can produce in one year, and giving a comparison between the food values of this dairy produce and meats and vegetables.

For the first time since the National Dairy Show was organized, automobiles and farm tractors will be exhibited this year. In addition there will be thousands of feet of floor space devoted to machinery used on the farm and in the dairy business.

The big show will be opened tonight with a horse show. The pick of the equine world will be displayed. More than 100 exhibitors have entered more than 1,100 horses. Fancy

ARROW COLLAR

20" each 26-35" 36-50"

driving and other show events will be held each night of the show. Reginald Vanderbilt and May Irwin, the actress, will be among the show exhibitors.

SHORTAGE OF SMALL COINS HOLDING UP CAMP SHERMAN PAY

(ASSOCIATED PRESS TELEGRAM)
Camp Sherman, Chillicothe, Ohio, Oct. 18.—Officers at division headquarters told newspapermen today that a shortage of money in small denominations—"small change"—is holding up the paying of selective draft troops in training at Camp Sherman.

None of the men yet have been paid and there is no promise made when they will be paid. It was said today that an effort to get a sufficient amount of money in small change in Chicago last week proved fruitless. Efforts are being made elsewhere to get something over a million dollars to use at Camp Sherman alone.

The condition is said to exist at other cantonments throughout the United States. Plenty of money is available but not in the small denominations.

Officers here today said that all pay rolls have been made out and approved and the only thing lacking now to pay the men is money. Officers were paid by check the first of the month but men are to be paid with cash.

One move has contributed to relief because of lack of funds, that being the issue of coupon books good for buying articles at the various exchanges. Officers have been issued credit cards by which they can have purchases charged to them. Some of the men now have their coupon books, valued at \$5 and use the coupons in place of money. The cost of the books will be taken out of their pay later. But there are a large number of men seriously in need of funds because they send money to dependents or to others not wholly dependent.

More practice parades were held today. Three artillery regiments went through a brigade review and infantry regiments were getting a touch of the same sort of work. All of it is in preparation for the big Friday review, when Governor Cox will be guest of the camp.

Field Secretary Ernest Henss, of the Knights of Columbus announced today that the second of the K. of C. buildings will be completed Saturday. A third will be erected. Mrs. W. A. King, of Ironton, electionist, well known over the state will entertain at the building Friday night.

Plans are under way for a grand military high mass to be celebrated in the Y. M. C. A. on the morning of Thanksgiving Day. A. D. Sanz, official song leader of the camp, will start immediately to train an enormous choir for Thanksgiving Day services. Activities of all sorts under the direction of the Y. M. C. A. the Knights of Columbus and other such organizations are beginning to have a prominent part in the camp.

Definite word that William J. Bryan will speak in Chillicothe Oct. 25 is taken to mean that he will be heard by the selective draft men at Camp Sherman either that day or the day following.

Mrs. Havemeyer proposes that the suffragists boycott the Liberty Loan, because of the arrest of their militant sisters in Washington. By way of reprisals let the Government bar the pretty dears from the males.—Florida Times-Union.

GERMANS EXTORT LARGE SUMS FROM STRICKEN PEOPLE

(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 18.—The dignity and nobility with which officials of the stricken city of Lille, France, have met the extortionate demands of their German masters is revealed in a letter from Charles de LaSalle, mayor of that city, to the German general-in-chief, von Gravenitz, a copy of which has reached here. The mayor wrote:

"Your letter is at hand. It causes me very great surprise. Hardly had we repaid the balance of the imposed tax of 24,000,000 when you asked for a new payment of 33,000,000. During the first year of our occupancy, when Lille was still in possession of the greater part of its resources, you claimed the sum of 28,000,000; during the second year the sum of thirty millions, and during the third year, when the city was in dire distress, you doubled the tribute and raised it to sixty millions."

"Such heavy demands are as extortionate as they are unjustified. They are contrary to the spirit and letter of The Hague conventions. They are in absolute contradiction with the commentary that the German general staff made in this convention as I pointed out in my last year's correspondence."

"These contributions, established without any justification, rest on the most absolute basis. Instead of decreasing they increased in proportion as requisition, ruin and devastation are piled upon this unfortunate city. In fact, you threatened us with the most severe punishment in case of resistance to your will, and especially with a fine of a million per day for delay. Under these conditions, if only my personal safety and that of a few officials were imperiled, I would not hesitate emphatically to refuse demands which seemed to me to be an abuse by force and violence of right. But the fate of a population weakened by three years of privation is at stake, and I have not the courage to expose it to new cruelties."

"In consequence, I beg to state in the name of the municipal council, which I represent, that the city of Lille, curbed under the yoke, isolated from the world, unable to appeal to an yecourt against the arbitrary power of which she is the victim, will pay the new contributions on the dates indicated, but she will pay them under duress."

The letter does not indicate whether the levy is in marks or francs, but it is assumed to be in francs, as all previous levies by the Germans have been.

ONE KILLED WHEN U. S. DESTROYER IS HIT BY A TORPEDO

(Continued from Page 1.)
as that bounded roughly by the V. formed by New York, Detroit and Knoxville was certain to make life less comfortable for the U-boats.

NEW U-BOAT ZONE(?)
Washington, Oct. 18.—The navy department today received with skepticism reports from London that Germany was about to declare a submarine barred zone off the coasts of the United States, Canada and Cuba. The reports were said to have been sent out by a radio station and picked up by the British Admiralty wireless.

At the same time officials, from Secretary Daniels down, admitted that there was a question of German having submarines of sufficient power to cross the ocean and raid shipping on this side. By way of precaution the navy department, in the regular routine news report wireless each night to American vessels, included the London report. This was to enable American naval craft, especially vessels on the coastwise patrol, to keep a sharp lookout.

Without a single man: "Porky, porky, pork." Without a streak of lean: "Coffee, coffee, coffee." Without any cream: "And the captain's worst of all."

Mess call is as popular as reveille is unpopular on crisp days such as the soldiers have been having lately. The words of the mess call are:

"Soup, soup, soup." Without a single man: "Porky, porky, pork." Without a streak of lean: "Coffee, coffee, coffee." Without any cream: "And the captain's worst of all."

And last comes taps—the dignified and sad call that sends tingling sensations up and down the back. It is the call sounded over the graves of all officers and few privates are exempted by factions from it. In camp it means "to bed" and "lights out." The words are impressive:

"Fades the light: "Good night: "And a star: "Lead 'em all: "To their rest."

"Now good night: "Must you go: "Why not stay: "And a star: "Lead 'em all: "To their rest."

There are many other calls. The new conscripted soldiers pick them up rapidly but it takes a long time to become acquainted with them all. Officers have a call, first sergeants have a call, and there are calls for others, which are not greatly interesting to the average enlisted man. There are calls to respond with many commands, both in camp and on the field.

At first the enlisted men take considerable interest in what the calls mean, and attention is paid them, but gradually the "newness" wears off and, when they recognize bluffs that do not mean some action

and explain new features that greatly increase mileage

That motorists find extra values in Firestone Tires is proved by the fact that our sales increased 72 per cent this year up to Sept. 1st. Our total business this year will exceed \$60,000,000.

FIRESTONE advances, never stands still. Every year Firestone means still More Miles per Dollar.

New features are incorporated in the present output. So important that every dealer wants to show them to you. See the cross section and note:

The Tough, Thick Tread: Many more miles of resistance against the friction of the road.

More Cushion Stock: More pure rubber between fabric and tread to save the body of the tire from shocks and bruises and to increase resiliency.

More Rubber Between Layers: Separating the plies of fabric by an elastic wall which allows free play without friction.

Reinforcement in Bead and Side Wall: Greatly increases the strength at the bead, at the junction of tire and rim, and raises the point of bending to the widest part of the tire. This one feature alone adds miles and miles to the service of the tire.

Wherever Firestones are for sale you can see this section of tire and gain an inside knowledge that will teach you to buy Most Miles per Dollar.

CAMP SHERMAN NOTES

(ASSOCIATED PRESS TELEGRAM)

Camp Sherman, Chillicothe, Oct. 18.—Bugles can be heard these days all through Chillicothe's big training camp for conscripted men from Ohio and Western Pennsylvania. Each regiment now has at least one trumpeter and the clear musical notes rapidly are taking the place of scurrying messengers and orderlies.

Those calls which affect the greatest number are set to words so they are easy for the new soldiers to remember. The first one is reveille or "get up." There are no alarm clocks at a military camp; no mothers to remind sleepy young men that breakfast is ready; no telephone operators to set a ball going; no bell hops or others to arouse heavy sleeping youths. The bugle does the business. Here are the words to reveille:

"I can't get 'em up, I can't get 'em up, I can't get 'em up in the morning; I can't get 'em up, I can't get 'em up, I can't get 'em up at all."

"Corporals worse than the privates: Sergeants worse than the corporals: Lieutenants worse than the sergeants: And the captain's worst of all."

"Mess call is as popular as reveille is unpopular on crisp days such as the soldiers have been having lately. The words of the mess call are:

"Soup, soup, soup." Without a single man: "Porky, porky, pork." Without a streak of lean: "Coffee, coffee, coffee." Without any cream: "And the captain's worst of all."

And last comes taps—the dignified and sad call that sends tingling sensations up and down the back. It is the call sounded over the graves of all officers and few privates are exempted by factions from it. In camp it means "to bed" and "lights out." The words are impressive:

"Fades the light: "Good night: "And a star: "Lead 'em all: "To their rest."

"Now good night: "Must you go: "Why not stay: "And a star: "Lead 'em all: "To their rest."

There are many other calls. The new conscripted soldiers pick them up rapidly but it takes a long time to become acquainted with them all. Officers have a call, first sergeants have a call, and there are calls for others, which are not greatly interesting to the average enlisted man. There are calls to respond with many commands, both in camp and on the field.

At first the enlisted men take considerable interest in what the calls mean, and attention is paid them, but gradually the "newness" wears off and, when they recognize bluffs that do not mean some action

for them, they scarcely heed more than the opening notes.

The company roll call is being gradually abandoned at Camp Sherman. The task is too big and it takes too much time for the first sergeant to line up 250 men and have each one answer to his name, especially when the names are foreign and long.

Instead of the old plan, when companies at war strength had but 150 men, the squad and platoon leaders report on their own sections of each company. For instance: there are seven sergeants to a platoon and four platoons to a company. Each sergeant has eight men under him and he reports to his platoon commander, the lieutenant, that all his squad members are present. Each of the four platoon leaders then reports to the company captain.

HEALTH DON'TS.

(Johnstown Democrat.)
"Don't take off or put on your trousers over your shoes; you'll get boils, maybe," says Dr. Dixon in his most recent little talk on health.

The good doctor's cautionary advice interests us strangely. We shall write some of our own.
Don't sit down on the grass. A stick may bite you.

Don't roll up your shirt sleeves; germs may propagate in the warmth and attack you.

Don't suck soda through a straw; you may get hay fever.

Don't wear rubber heels at work; you may get bunched. And don't steal the boss' matches; you may be fired.

Don't heat a carpet; take something your size.

Don't take pills in the dark; your lights may go out.

"Trifles," says Dr. Dixon, "are important in the health of all of us." Righto, good doctor! Trifles help fill the page when thoughts come slowly.

Middle Aged Women

Are Here Told the Best Remedy for Their Troubles.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODFREY, 925 Napoleon St., Fremont, Ohio.

North Haven, Conn.—"Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed when passing through change of life. There is nothing like it to overcome the trying symptoms."—Mrs. FLORENCE IRELLA, Box 107, North Haven, Conn.

In Such Cases

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

has the greatest record for the greatest good

LYDIA E. PINKHAM MEDICINE CO. LYNN, MASS.

When Tired and Nervous

If the end of the day finds you weary or irritable, with aching head and frayed nerves, you need something to tone and strengthen the system.

BEECHAM'S PILLS

are a remedy which quickly helps in restoring normal conditions. They act on the stomach, liver and bowels, and so renew the strength, and steady the nerves. A few doses of these world-famed family pills will **Bring Welcome Relief**

LICKING COUNTY SOLDIER BOYS

"The 'Dutch cleansers' will land safely some of these days," declares Martin J. Mills, known to baseball and football fans here as "Buck" Mills, who is a member of Co. B, 166th United States Infantry, in a letter to Harry Essinger, of the Lehigh Valley company. Mills has been writing amateur baseball and football for Newark papers for several years and is well posted in athletics of all sorts. He enlisted with Co. B here last summer and for all anyone here knows, he may now be on the ocean enroute for France. The regiment has been ready for the word to board transports for several weeks.

"I thought I had better get busy," Mills writes, "and scribble awhile before we make our escape out of the country to 'no man's land.' We don't know just when we will go or where we will go first, but 'the Dutch cleansers,' as the New Yorkers call us, will land safe some of these fine days."

"Well, Harry, I like the army life all right, and I am feeling as fine as a frog hair—split—and am getting heavier. I think I'll quit eating because when the first shot is fired there might be an awful splash."

"The draft certainly has knocked Newark a curve right," B. Hornung and a few more that I know were keen. I certainly would like to see 'Buck' Belmar in one of those olive drab uniforms.

"I think when Kaiser Bill sees this bunch coming through his cabbage patch—especially that troop from Alabama—he'll be ready to quit. That Alabama troop certainly is a hard bunch."

"There is one thing about this man's army, 'fowls' are scarce. We have to go to New York or Brooklyn and then have to buy a taxi and its driver before the world comes to an end."

"Well, the only thing I can say for the Kaiser is that he is going to get knocked across, and that we will eat Fourth of July dinner in Berlin. Look out for us! Wow!"

Editor of the Advocate:—I wish to express my sincere thanks for medal which the people of Licking county and Newark presented to me. It is sure a nice medal and I certainly will carry it through Berlin. I ever get the medal. Again, thanking the Advocate and the donors, I beg to remain, yours respectfully, M. R. Bragg, Bat. B, 324th Reg. F. A. (Heavy, Camp Sherman, Chillicothe, Ohio).

Editor of the Advocate:—I received your letter with the medal enclosed, and I certainly appreciate both. Although it is a simple thing, it shows that the people at home have faith in us. I am sorry I can't give you the address of any one else in the service from Licking county, for I know any of the boys would appreciate it. I hope to remain always loyal to Licking county.—Geo. E. Peaster, Bat. A, Prov. 25th Cavalry, Ft. D. A. Russell, Wyoming.

(By Leo T. Prior.)
Camp Sherman, Chillicothe, Oct. 17.—The Licking county boys are indeed very lucky in having very capable officers. Capt. Post of Battery B, 324th regiment, is a man of about forty years and has seen quite a lot of army life and service. He is a man of marked intellect and military power and has a reputation for firmness and courage, has talent for working in close association with men towards the accomplishment of a desired result. He is considered a well trained strategist, a commander having the gift for leadership, the ability to sense and inspire the states of mind of his men.

The Licking county boys are becoming real men. There are no slouches in the battery. They are beginning to straighten up, are alert, spry, their heads are up and their shoulders back—real soldiers. In reference to this, Captain Post says that one takes very little interest in a person who in a hand-shake, lays his hand in yours. Do it with a snap—a good hard clasp with pep—and furthermore, if his commands were given in a soft mellow tone, it would not be worth listening to, and no one would listen to him, but if he emphasizes it in a loud commanding tone of voice, every one instantly wakes up.

Unselfishness seems to be the rule in our battery. The boys realize they are all like big brothers—the first step toward a true character which means that when the war breaks over there will be a much better friendship and less disposition to take advantage of one another.

Thoughtfulness, to be able to think quickly, and to use one's mind is as much a virtue in the army as temperance. Our boys seem to be very apt in trying to learn what is taught them.

Colonel Ashburn has completed arrangements for one of the most extensive campaigns to sell Liberty Loan Bonds in the organization.

At a special meeting of the boys at the large Y. M. C. A. a solicitation of Liberty Bond subscriptions was made and it is expected that all soldiers with a very few exceptions will be enrolled. Captain Post has made a concerted effort to have every one of Battery B, the Newark boys, to take at least one Liberty Bond. A conference of the boys of our battery with Capt. Post has resulted in starting a battery fund. The details of the meeting were that each of the men give a stipulated sum, fifty cents per month, towards the fund; the purpose of which is to have a sum on hand for the benefit of the battery.

There are many things a battery needs that the government does not furnish as, better service in so far as meals are concerned. This does not mean that the meals are not fine, for the menu is excellent; but that the battery may have a few dainties once in a while, and many other things, as, a Victrola exclusively for our own barracks. The boys have voted unanimously on this.

The Government through the commander of the division has made a direct appeal for destitute Belgium. Most of the boys are making voluntary contributions of their

civilian clothing while those who do not desire to do that may sell. The captain of each battery is the authority on what an article is worth. The Post Exchange Books have been issued to the boys in dollar bags, and one may draw as high as \$100. The government in turn takes the amount drawn from the soldier's pay. The coupons contained in these books are good for purchases from the Post Exchange, which is run by the government. One can buy tobacco, cigarettes, and most anything you might think of that is handled in a department store.

A cold mid-October rain swept those who were glad to get out of the barracks for the first time. Thursday night, and those who had a peaceful common place existence just a few weeks ago realized that they were soldiers self-sacrificing for all that is heroic and brave. But even an all-night rain has a charm for the boys on guard duty if sausage and pan-cakes are ever coming for breakfast, however when the rain was at its height—S-l-o-w Boom! Ah! They would have given up their jobs for a couple strings of macaroni.

Those on guard duty at this particular time were: Sergeant of Guard Payne, Corporal Stewart Sedgwick and Humphreys, and Hornberger; Vincent Sheets, Bernard Kates, Merrill Kemp, George Clouse, Francis Habin, Henry Stauch, Walter Prior, Charles Powell, C. E. Gardner, T. W. Henry, Leo Prior, T. W. Jacobs, Leslie Miller, Richard Shaffer, John Miller, Elmer Stahler, John Mullink, Leon Rower, Harry Godwin, John King. It is understood that this guard mount gave the best drill yet and was appreciated by the colonel. More honors for Battery B.

Lewis E. Jones has been made a corporal. He is one of the boys who came down on the 20th of September. He and Corp. Farley have charge of the fourth section of Battery B. The latter is an army man of experience, having served two years on the border before coming to Camp Sherman.

The little features of every-day army life when the boys are off duty, is the fun they have in a professional appreciation of commands—as, "at-ten-shun," as you were," "to the rear," "dress right," "fall in," etc.

Each section in every battery take their turn every morning "shooting stumps" and cleaning up the barracks. Some are becoming experts in the "shooting stunt."

Autumn days are now melancholy. Digging trenches is one of the pleasant past times the boys experienced last week. When it comes to that, the most of us are becoming sentimental over memories of days long ago.

Hawkins and Butler have composed a battery song to the tune of "John Brown's Body Lies Moulding in the Grave." Henry Stauch is still the leading singer in our battery. His lead on the song "medley of sentiment songs" is great to the tune of "Holla Bolla." The chorus is like this:

"Oh we're training—Yes we're training, To beat the Kaiser—To beat the Kaiser And we'll beat him when we meet him With our heavy artillery."

The boys who came the 20th received their last inoculation Saturday, October 13.

I think the Licking county people should be proud of their boys. On general inspection Saturday, Col. Ashburn made the statement that Battery B had the best review and looked like real soldiers.

Zimmerman of Buckeye Lake, who came on with the boys of the 20th, took a picture of the battery Saturday. The pictures will be ready in a few days, and the folks will have a chance to see the boys as they look in their uniforms.

The boys have discovered that when you go to Chillicothe—up town—they call it, and spend a new ten dollar note, they don't have to have a truck to deliver the purchases they make.

A few remarks from the boys, and general comment:

John Sachs still holds his shape which may call for a lot of explaining.

Ralph Brumback—Our Poultry Whoaler, with his eyes protruding slightly, says that he will vote the army is a success.

Bill Howard says the army is some barbed wire entanglement, which means he is very much interested in everything.

John Miller assured us that Soldier was his middle name. Ray Wintermute was singing "Molly Darling" in the frosty air the other morning, which shows he likes the place.

Joe Gahner is busy telling every one of how much he is impressed with camp life and Camp Sherman.

These men know from experience that Sloan's Liniment will take the stiffness out of joints and the soreness out of muscles. And it's so convenient! No rubbing required. It quickly penetrates and brings relief. Easy to apply and cleaner than many plasters or ointments.

Always have a bottle in the house for rheumatic aches, lame back, sprains and strains.

BISURATED MAGNESIA

IN 5 GRAIN TABLETS

And Powder Form

BISURATED Magnesia is Magnesia especially prepared for the safe, speedy and certain correction of dangerous stomach acidity. It comes only in the form of five grain tablets and powder—in sealed blue packages. Do not confuse with commercial magnesia, milk of magnesia or citrate of magnesia. Look for the word BISURATED and get the genuine from DRUGGISTS EVERYWHERE.—Advertisement.

DANDRUFFY SCALPS

LEAD TO BALDNESS

If you have dandruff get rid of it quickly—it's positively dangerous and will surely ruin your hair if you don't. Dandruff heads mean faded, brittle, gray, scraggly hair that finally dies and falls out—new hair will not grow—then you are bald and nothing can help you. The only sure way to abolish dandruff for good is to destroy the germ that causes it. It's so quickly, surely and safely there is nothing so effective as Parian sage, which you can get from W. A. Erman and good druggists everywhere. It is guaranteed to cure dandruff, stop itching scalp and falling hair, and promote a new growth of the coat, small as it is, will be refunded.

Parian sage is a scientific preparation that supplies all hair needs—an antiseptic liquid, neither sticky or greasy, easy to apply, and delicately perfumed.

If you want beautiful, soft, thick, lustrous hair, and lots of it, you must use Parian sage. Don't delay—begin tonight—little attention now insures abundant hair for years to come.

Note: Parian sage positively will not color or streak the hair. 10-11-16-18

NO MORE RHEUMATISM

Ask About "Neutrone Prescription 99" for Sore, Inflamed Joints and Muscles.

If your muscles and joints are sore, tender and swollen and keep you feeling miserable go to your druggist and say "I want a bottle of 'Neutrone Prescription 99', then it's goodbye Rheumatism for yours. All pains and inflammation will vanish like magic and you will again enjoy the feeling of youth and health.

"Neutrone Prescription 99" the different remedy does produce results that will astonish you. 50c. and \$1.00 the bottle. Mail orders filled on \$1.00 size.

MUSIC

The season of 1917-1918 year-book of the Women's Music club is now ready for distribution. The following officers comprise the executive board: President, Mrs. C. W. Miller; vice president, Mrs. James R. Fitzgibbon; recording secretary, Mrs. C. Frederick Lytle; corresponding secretary, Mrs. H. F. Moninger; treasurer, Mrs. John H. Franklin; directors: Mrs. Thos. J. Daly, Mrs. George Upson.

All club members may secure these books at once from either the treasurer, Mrs. Franklin; Mrs. Lytle, Mrs. Daly, or at the second club meeting, which will be held Thursday afternoon, October 25, at Miss King's studio, 64 North Second street, at 2 o'clock. All members both active and associate please notice the change in time, which herebefore has been at 3 o'clock, but this season will be promptly at 2 o'clock.

REAL MUSIC

You'll want music some time, why not be prepared by purchasing a piano now? There are few families indeed that do not enjoy music. And music is so uplifting in its effect upon mankind. It cheers the soldier and sailor and brings happiness to the home. You do not have to have a musical education to enjoy music; you'll enjoy it the more if you have. To the home that has no musical talent there is nothing that can compare to a Jesse French & Sons Player piano. It will pay you to call at P. J. Fairall's store 3 North Fourth street and hear this instrument so different from the ordinary player piano you have been in the habit of hearing.

To Stop a Persistent, Hacking Cough

The best remedy is one you can easily make at home. Cheap, but very effective.

Thousands of people normally healthy in every other respect, are annoyed with a persistent hacking cough year after year, disturbing their sleep and making the days and nights so restless—there's an old home-made remedy that will end such a cough easily and quickly.

Get from any druggist "2 1/2 ounces of Pinex" (40 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Begin taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether. It's so needless—there's an old home-made remedy that will end such a cough easily and quickly.

Get from any druggist "2 1/2 ounces of Pinex" (40 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Begin taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether. It's so needless—there's an old home-made remedy that will end such a cough easily and quickly.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and is used by millions of people every year for throat and chest colds with splendid results.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

OLD SORES, ULCERS AND ECZEMA VANISH

Good, Old, Reliable Peterson's Ointment a Favorite Remedy.

"Had 61 ulcers on my legs. Doctors wanted to cut off leg. Peterson's Ointment cured me."—Wm. J. Nichols, 61 Wilder St., Rochester, N. Y.

Get a large box for 25 cents at any druggist, says Peterson, and money back if it doesn't help you at once. Always keep Peterson's Ointment in the house. Fine for burns, scalds, bruises, sunburn, and the surest remedy for skin diseases, pimples, itching eczema and piles the world has ever known.

Peterson's Ointment is the best for bleeding and itching piles I have ever found."—Major Charles E. Whittey, Veterans' Hospital, Kansas.

Peterson's Ointment has given great satisfaction for Sore Throat.—Mrs. J. L. Weiss, Burlington, N. J. Recommend it. Sold by Evans' Cut Rate Drug Store.

THE SOLDIER'S MONEY.

According to General Pershing, our soldiers in France ought not to have more than \$10 a month spending money and the theory is that if the married men are sending all their money home, while unmarried men are spending it freely on small comforts and enjoyments, an undemocratic difference is created. Anyway the character of some men is such that some money that should come home to the families will be dribbled away in small change in the towns behind the trench line.

One's first thought is that the soldier's pay is small at best, and that he won't get any more luxuries and blowouts than he ought to have. But it has to be considered that the British Tommies and the French Poilus are not at all well paid. Too much a show of cash on the part of our boys might promote unrest.

The French look upon the American boys as their saviors. They are genuinely grateful, and they are too friendly a people to perform many mean acts. But it is the custom in Europe to look on every American as a millionaire. The French will be likely to drive a flourishing business with the Sammys, and to consider it legitimate to sell them anything they will need off. The unmarried men would better tuck away any coins not needed into their insurance money. The married men will do well to send everything home they can.

A good many men will have all they wish to spend from private sources. Some will put it all into such choice comforts as can be bought or smuggled. They will need all such luxuries themselves. Others will be ashamed to enjoy anything until it has been passed around. It is a fair guess that the latter will be much the more common type. The hog class of men is not specially common and trench life will promote sympathy and a desire to share things.

POOR COAL.

In times of stress one weakness after another reveals itself. Now poor coal is being blamed. Railroad men say it won't make steam enough to pull their trains on time. Hence freight congestion, delays to industries, and slow passenger trains.

It is one result from the universal shortage of labor. We used to operate our mines largely with alien help, but this is not coming to us much now. It shows how much we should value the toiling thousands who once were contemptuously called "wops" and "dagoes."

The native American is little disposed to remove his cuffs and get down in the bowels of the earth with a pick. We shall have to speak with a little more respect of the laboring foreigners upon whom we depend to keep our wheels moving. Our country needs a great many of these men to do these hard tasks, and it will have to be good to them after the war.

Daily History Class—Oct. 18.

- 1603—Francis of Savoy, known as Prince Eugene, general and colleague of Marlborough, born; died 1736.
- 1757—Rene Antoine de Reaumur, philosopher and inventor, died; born 1683.
- 1831—Helen Maria Fiske, American author known as Helen Hunt, born; died 1885.
- 1914—British submarine E3 sunk in the North sea by a German warship.
- 1915—Italy declared war on Bulgaria.

ASTRONOMICAL EVENTS.

Ran on the meridian of Washington at 45 minutes 15 seconds after 11 o'clock. Due southwest. Altair is conspicuous in the evening.

WAR BREAD.

(Philadelphia Record.)
In view of the abnormal supply of wheat in the United States and the heavy drain expected to be made on our limited stock by exports to countries which are in a worse predicament some reduction in the domestic consumption of this bread-stuff is obviously necessary. The high price alone would naturally have the effect of diminishing the demand for consumption, but the operation of economic laws in this instance is somewhat impeded by correspondingly high prices of substitutes for wheat. Moreover, bread is a food the minimum quantity of which required for human sustenance is not very much less than is normally eaten. It is very doubtful whether the increased cost of the wheat loaf has caused an appreciable diminution of the quantity consumed.

The regulation by the food administration of the marketing and milling of grain and of the prices of the price of bread. This would not solve the problem, however. On the contrary, it would tend to increase purchases, and thus the drafts upon our wheat stocks would become heavier. The experiments in the production of war bread now being conducted under the direction of Mr. Hoover, on the other hand, have a double purpose. They would result in the conservation of wheat by the introduction of substitutes, and by providing a cheaper loaf, the use of such substitutes would be encouraged. If consumers were offered, at the long-acquainted price of 5 cents, a one-pound loaf, attractive in appearance, nutritious in quality and palatable in taste, the fact that it contained a moderate percentage of cornmeal, rye, barley or rice flour mixed with the wheat would probably deter very few from buying and using it.

It is true that German "efficiency" up to the present time, and after three years of trial under the spur of dire necessity, has not yet produced war bread which answered the three requirements of adequate nutritiveness, good appearance and palatability. In the besieged empire, however, there was no such choice of ingredients as we have. If Germany at any time during the war had had a supply of 30 bushels of corn per capita to draw upon, the food problem would have been solved. Indeed, she would have had no food problem. The addition of 25 per cent of corn to our wheat would give us the equivalent, in food value, of more than 800,000,000 bushels of the latter. This would provide an immensely larger quantity of bread than we ever ate, even in times of the greatest extravagance.

EQUADOR "GETS EVEN."

(Cleveland Plain Dealer.)
Germany sent one Dr. Perl to be minister to both Peru and Ecuador. Economy, efficiency and kultur dictated the sending of but one representative to the two nations. Perl went to Peru, which is much the larger and more important republic. Well settled at Lima he sent his credentials to Ecuador by mail.

The government at Quito was outraged. It declared its inability to accept diplomatic credentials by post. Perl then sent an embassy underling to establish himself at Quito as German charge d'affaires in Ecuador. Him, also, the Ecuadorian government ignored.

Had this Perl been definitely endeavoring to insult and humiliate Ecuador he could not have acted more effectively. Lately the Peruvian government voted to break with Germany, and as a visible sign of the rupture Perl was kicked out of Lima.

"I shall go," said Perl, "to Quito, the other capital to which I am accredited."

"On the contrary," said the Ecuadorian government, "you will not come to Quito. You will not even come to any place in Ecuador. Ministers who send their credentials by mail are not desired as diplomats and will not be accepted even as temporary residents. Keep out."

So Dr. Perl is still in Peru, officially ejected, but lingering unofficially with no place to go. Brazil and Bolivia are officially against Germany. Ecuador has not broken with Germany, but breaks definitely with Dr. Perl. Chile or the Pacific ocean is the only way out.

Probably at this time Perl wishes that he had been less a Prussian and more a gentleman in his dealings with his neighbor Ecuador. As time rolls on other Tontons of far higher standing will secretly acknowledge a similar wish. Perl differs from other exponents of kultur in that his Prussian chickens have come home to roost a little in advance of the flock.

MARY'S LITTLE LAMB.

(Ohio State Journal.)
At a table of friends the other evening, Dr. Mendenhall put the question, What poem is most read by the people of this country, and the whole world? There were several answers, which the doctor pronounced wrong, and then said the one best known poem throughout the world is "Mary Had a Little Lamb." It was known among all nations and was universally translated. The doctor then took from his pocket an envelope which contained a card, upon which was a bit of yarn made from the wool of Mary's little lamb. The story of the poem was a true one and the doctor was acquainted with most of its antecedents. The card itself was one of many which were contrived to carry a piece of the wool, to be sold for the benefit of Old South Church, Boston, and the sale brought \$140 for that purpose. Well, "Mary Had a Little Lamb" was worth all of this distribution, for it is not only a beautiful poem, but it embodied the noblest morality in these lines:

What makes the lamb love Mary so,
The eager children cried—
Why, Mary loves the lamb, you know,
The teacher she replied.

Tom Watson is one man who knows when to get off. He has announced the suspension of his publications for the duration of the war. New Orleans States.

The game of life looks cheerful when one carries in one's heart the unalienable treasure. —Cokeridge

How Sweet!
As through the glad fields we walk,
And see the beasts and birds,
We wonder, if the bee could talk,
It would use honeyed words.

Aunt Caline says:—Last nite Maggie Zeen run over here in a crate hurry fer to borrow our Advocate, fer their'n had been borrowed an "Will which is her husband, I was a-trainin' Cain about it so that she thought me by we was done with corn, which we wasn't. She took the paper an' with one hand on the door noll she says:—"I suppose you herd that Mill Pond was a-going to get married."

"No," says I, "Who is she a-going to marry?" "Queen Cash," says she. "Why," says I, "she refused him 'twice to my noleage." "I no that," says Maggie, "but he ast her again an' she accepted him." "Served him rite," growled Zeke, fer he was mad about his paper.

Heavens, How Cold It's Getting!
Only three grains of corn, mother.
Now it's only three chunks of coal, brother.
To make a little blaze. E. B. F.

Did You Know
That at Nootka Sound there is a large kind of dog, common in a domesticated state, among the natives, which is remarkable for the extreme abundance of its long woolly hair? This hair when shorn off holds together as a fleece and is spun and woven into garments. Nootka Sound is an inlet on the west coast of Vancouver's Island.

"BATTERY FUND" FOR BENEFIT OF LICKING COUNTY SOLDIERS

Dr. Chadwin T. Jury of Jackson-town, who until recently had a dental office in the Newark Trust building, and R. LaRue Cober, Denison University student, are here from Camp Sherman today on a 24-hour furlough, having come to interest the people of this community in establishing a "Battery Fund" for the benefit of the Newark and Licking county boys at Camp Sherman.

All of the Licking county boys are in Batteries B and D, 324th Regiment, Heavy Field Artillery. Of the 268 men in Battery D, 145 are from Licking county, the remainder being from Springfield and Miami county. About the same number of men from Newark are in Battery B.

Both Jury and Cober are members of Battery D, commanded by Capt. Richmond, who saw service on the Mexican border. Lieutenants Thompson, Berington and Felsman were all in the army service on the border and Lieut. Hole, also of Battery D, was commissioned at Ft. Harrison. The men all speak in the highest terms of their officers.

The Y. M. C. A. and the K. of C. are doing splendid work among the boys, but their facilities are not sufficient for 32,000 men who are now at Camp Sherman. The congestion at the Y. M. C. A. buildings is such that men must often stand in line to await their turn for service and

west coast of Vancouver's Island. Its entrance is protected by an island of the same name and the sound can be entered on both sides of the island. It extends inland for ten miles but the greatest breadth of water is not more than 500 yards.

Out Without His Keeper.
Farwell to the crew of the erstwhile, good-by to the gloom of the scene; Hold fast, sweet, remembrance of the yester.
Forever and aye will it on:
I'll never a glimpse of the coming,
But glimpse I the gloom of the gone; So hush sweet to the bowing of the eaning,
The kind Keeper hurries me on.
—Louisville Courier-Journal.

Behold through the roar of the tumult
The quotidian epoch of dawn
When the things that are off are all
By the onerous things that are on.
When we really know that we know
not.
When we think that we think, though
we dream;
How the darkness infusates the shadows.
When things seem to be not what
they seem!

Herald of Joy.
Nothing bothers an experienced paragoner less, as he sits down to his day's work, than having nothing to say. —Ohio State Journal. This then he knows he's at his best. —Toledo Blade. Not so; an experienced paragoner always has something to say. —Albany Journal. At last one has been found who takes himself seriously. —Toledo Blade.

Well, we leave it to you, if having nothing to say were a hampering condition, wouldn't the Halls of Congress be nearly as silent as the well-known tomb?

Police!
He has big muscles on his arm.
And he can do hard work in haste:
But, when he meets a maid of charm,
He lets his strong arm go to waist.
—Luke Muluke.

We're free to say we do not fall
For this, his zeal was sure mis-placed.
For Mr. Hoover's told us all
That not a thing should go to waste.

TIGHTENING

Pointed Observations

Too many people mistake this country for the land of free speech. —Toledo Blade.

A member of the reichstag at last confesses that there is no prospect that the United States can be made to pay an indemnity. Which is the first gleam of intelligence shown in Germany in a long time. —Rochester Herald.

Gott strafe Columbus! If it hadn't been for him the kaiser would have won the war. —Boston Transcript.

The kaiser, it is said, is so impressed with his own importance that his bump of humor looks like a dent, but if his latest statement to the effect that if the war is prolonged it won't be Germany's fault

isn't humorous we'd like to know why it isn't. —Macon Telegraph.

Gott strafe Columbus! If it hadn't been for him the kaiser would have won the war. —Boston Transcript.

Fifteen thousand house cat skins are among the million odd pelts to be auctioned at a fur sale in New York. So Tabby's hide also is in demand for fur creations! —Montreal Gazette.

A New War-Word. "Paintriotism"

When you spread good paint you preserve good property. You add to the wealth and the stability of the nation.

MARIETTA PRACTICAL AURORA PAINT

is the practical painter's paint. We say this in all seriousness, for we were practical painters ourselves before we became manufacturers and we know exactly what is demanded in a practical paint.

Are you thinking of putting off painting on account of war conditions?

Don't put it off, put it on. Keep your property at its best — it's a duty you owe yourself and your country. To make sure of getting the best results be sure to use AURORA. Be PAINTRIOTIC.

CLERK HAMILTON TO GO TO MONTGOMERY FOR SOLDIER BALLOTS

Clerk Geo. H. Hamilton of the board of elections has been notified to report at Columbus Friday to accompany the election officials to Camp Sheridan at Montgomery, Ala., where the soldiers will be allowed to vote, a clerk from each county receiving the sealed ballots of soldiers from such counties. The trip will be made in a special train, the arrangements being made by Secretary of State W. D. Fulton. There are about 150 soldiers at Camp Sheridan from this city.

ATHERTON BOOSTERS MAY ORGANIZE GLEE CLUB

There will be a meeting of the Atherton club in Democratic headquarters in South Third street tomorrow evening at 7:30 o'clock. The club now has a membership of over 1,000 young voters. President Lee Pemberton desires that the meeting be called promptly and states that he may organize a glee club among the members from each ward in the city.

FRENIER ON VISIT.
E. D. "Eppy" Frenier, who has been engaged in supervising concrete construction work at Wausau, Ind., is home for a visit. Mr. Frenier will go to Chillicothe in a few days to visit friends at Camp Sherman and states that he may enlist with the Newark boys.

The Sick

Mrs. E. L. Starr, who has been confined to her home with a severe illness, is able to be out again.

Mrs. Nellie Blair, who has been in the Granville street hospital for the past three weeks, was taken in the Bader ambulance to her home, High street, much improved.

Mrs. J. I. Udenhoffer is slowly improving from a recent attack of pneumonia at her home in Columbia street.

OBITUARY

Mrs. Lewis Gettle.
Word was received here that Mrs. Lewis Gettle, mother of Mrs. E. T. Ruge of Hudson avenue had passed away at her home in Chillicothe. Mr. and Mrs. Ruge and Miss Kathryn Gettle, who has been the guest of her sister, left today for Chillicothe. Mrs. Gettle has been an invalid for several years. The funeral service will be held on Saturday.

John Wilson.
John Wilson died yesterday at his home near Fallsburg, aged 72 years, 8 months and 28 days. He was married to Catherine Magill, March 5, 1870, the wife departing this life July 9, 1873. He was again married on April 6, 1878, to Laura Crawford, three children being born to them. W. E. and Harry Wilson and John Wiley, only son and the wife preceding him in death. The funeral will take place tomorrow morning at 11 o'clock from the Eden church and interment will be made in the nearby cemetery.

MRS. AGNEW NAMED SECRETARY OF FOOD COMMITTEE HERE

William M. Morgan who was recently appointed chairman of the movement for conservation in Licking county by Fred Croxon, state food administrator, called the first meeting of the executive committee of the movement at the home of Mrs. Morgan, 218 N. 4th st., last night. The principal work of the evening was given over to the appointment of various committees.

The members of the committee on the speakers' bureau are Messrs. T. C. C. H. Spencer, F. S. Neighbor, W. M. Morgan and Joseph Dolan. The members of the committee on the captains of the county organization outside of the city are F. S. Neighbor, W. M. Morgan, T. C. C. H. Spencer, F. S. Neighbor, George Mosser, Joseph Dolan, Mr. Sellingerman, Mrs. E. T. Johnson and Mrs. Frank Agnew and Mr. Sattler.

Captains of publicity in the county, F. S. Neighbor and C. H. Spencer, called the first meeting of the executive committee of the movement at the home of Mrs. Morgan, 218 N. 4th st., last night. The principal work of the evening was given over to the appointment of various committees.

DATES AND SPEAKERS ARE SELECTED FOR INSTITUTES

The farmers' institute lecturers who are to speak at the institutes in the county this season are in attendance at a farmers' institute workers' normal at the College of Agriculture at Columbus this week. Lectures and laboratory practice are being given by the various specialists of the College of Agriculture, and conferences are being held.

A special effort has been made this year to give point to the various institute addresses by securing information concerning local problems from each community where institutes will be held. The farm problems developed by the war will receive special emphasis. Particular attention will also be given to boys' and girls' work.

The speakers in attendance at the normal will speak in the county shortly, as well as the lists of institutes and dates, are:

Perryton, Dec. 19, 20, G. S. Crawford, Grayville; Mrs. Ida Durbin, Fredericktown; J. L. Buchanan, Sherodsville.

Central City, Jan. 4, 5, G. S. Fry, Fremont; Mrs. Florence Willison, Columbus; A. F. High, New Washington.

Chatham, Feb. 11, 12, J. W. Nicodemus, Van Wert; A. O. Newcomb, Burton; Pearl Dorsey, Moundsville, W. Va.

Alexandria, Feb. 13, 14, G. F. Green, Pataskala; A. O. Newcomb, Burton; Pearl Dorsey, Moundsville, W. Va.

Etna, Feb. 15, 16, J. W. Nicodemus, Van Wert; A. O. Newcomb, Burton; Pearl Dorsey, Moundsville, W. Va.

RESULTS TELL

There Can Be No Doubt About the Results in Newark.

Results tell the tale. All doubt is removed. The testimony of a Newark citizen can be easily investigated. What better proof of merit can be had?

R. F. Powell, prop. of upholstery establishment, 44 Thirteenth St., Newark says: "On three different occasions, I have suffered from kidney trouble. Rheumatic pains caused me a lot of misery. At one time I was unable to feed myself, not being able to raise my hands to my mouth. My kidneys at times did not act for hours and the secretions burned in passage. I am an upholsterer and have more or less bending and stooping to do. It was hard for me to keep going sometimes, owing to the dull ache across my back, but just as soon as I began taking Doan's Kidney Pills, I got relief. Of late, I have felt fine."

60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Advertisement.

TANLAC STORY BY MR. CARL HANDEL

Well Known Newark Man Throws Light on Master Medicine For Friends' Benefit.

Carl Handel is a familiar figure about Newark. Most any time during the day he may be seen on his dray going hither and thither hauling merchandise for his many patrons.

Carl, who lives over at 45 Jefferson street, and who has been on the sick list for a time, is feeling fine and dandy now and gives Tanlac all the credit for the splendid health he now enjoys. He stated to the Tanlac man Thursday:

"I had been much run down and out of condition all spring and summer. I did not sleep well, had very little appetite, and at times was extremely weak and nervous. Often when I'd take a few bites of food, I would begin to bloat and turn sick at my stomach. Dizzy spells came pretty regular and my head ached every day.

"Since taking Tanlac I feel like a new man. Just a few doses settled my nerves and gave me an appetite. I began to sleep fine and could eat all I wished and never have the slightest touch of indigestion. Nothing could make my stomach sick now. I haven't felt dizzy since I began taking Tanlac and am getting stronger every day.

"I feel well paid for the help Tanlac gave me in fighting off the heat, if nothing more."

Tanlac, the new vegetable tonic, stomachic appetizer, combatant and invigorant is being specially introduced at W. A. Erman's Arcade drug store. Tanlac may also be procured at the Evans' pharmacy, Warden hotel block, east side square, Newark. Advertisement.

JOHNSTOWN R. D. 4

Mr. and Mrs. F. P. Belt called on his brother, Ezra Belt, of near Chatham, Sunday afternoon.

Harry Spicer made a business trip to Johnstown, Monday.

Mrs. Lucy Barrick called on Mrs. Emma McClurg, Saturday afternoon.

Northern Maine reports a mild March and plenty of snow on the ground, but nothing to compare with famous year in the past.

OLD FASHIONED FAMILY REMEDY FOR COLDS AND BODY BUILDING

Father John's Medicine Builds Up the Body Without Use of Alcohol or Dangerous Drugs. A Doctor's Prescription, 60 Years in Use.

Absolute Truth of This Story Attested by Guarantee to Give \$25,000.00 to Any Charitable Institution if Shown Otherwise.

Father John's Medicine is a physician's prescription.

Prescribed for the late Rev. Father John O'Brien, of Lowell, Mass., by an eminent specialist in 1855.

Father John recommended this prescription to his parishioners and friends and in this way it became known as Father John's Medicine.

This story is true and we guarantee to give \$25,000.00 to any charitable institution, if shown otherwise.

Father John's Medicine is recommended for coughs, colds, and throat troubles, and to make flesh and strength. Does not contain alcohol or poisonous drugs.

CUT GLASS.

For those people who appreciate the little refinements that go to make any meal a real pleasure, we are offering a fine assortment of handsome cut glass table ware. Some of the patterns are of the most dainty designs of the glass-cutter's art. Each article is of that scintillating brilliancy that you'll be proud of being the owner of one or more of the pieces. And you will be surprised at the low price we have put on these beautiful pieces of table ware. Come in and take a look at our stock, you're under no obligation to buy. Yingling's Jewelry Store, 6 East Park Place. A McKinley Memorial gold piece will make a lasting Christmas present for some friend. Just a few left. Come and see them.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards' produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Of thousands take one or two every night just to keep tight. Try them. See and get best. All druggists.

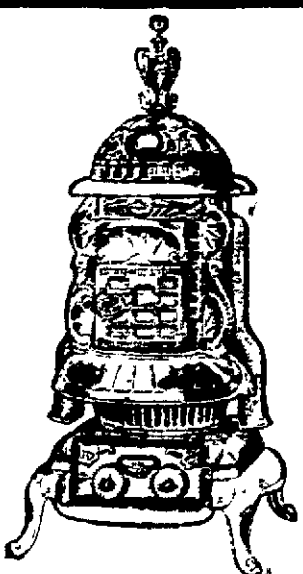

Because the food control legislation has overlooked the frog industry, does the man who raises frogs for the market feel that he has no kick coming?

THE ESTATE HOT STORM

"The Stove With a Little Furnace in It"

Two heat sources in one, not a stove, not a furnace, but a combination of both will give more heat for a smaller investment than any heater on market. Save on gas, pay for fuel by saving on fuel.

GUARANTEED TO KEEP
FIRE FIFTY HOURS ON
ONE CHARGE OF FUEL

The Original Triple Effect

"King of All Gas Heaters"
MORE HEAT LESS GAS
NO MOISTURE

A Gas Heater that heats the home at smallest possible cost, equal to a furnace, which is explained by its warm air circulation.

ELLIOTT HOWE CO.

16 WEST MAIN STREET

THEY'RE DELIGHTED

Quite a number of men and young men have been visiting the tailor shop of Wales Collins in the past week and have been giving orders for new suits and overcoats. They all have remarked about the wonderful new fall fabrics Mr. Collins has on display and as for the style and fit of the garments you can leave that to Mr. Collins for he has always been considered one of the foremost tailors of the city. You can't go wrong if you order that suit or overcoat from him. Just drop in at 24 South Third street and let him take your measure.

PURITY

The Eden township convention at Eden Chapel, Sunday afternoon was very well attended. Among those present were Rev. Percy Wilson, Rev. Mr. Hoffmeister, Messrs. Reid and D. A. Bricker of Ulka, who delivered addresses. There was no evening service, partly because of a severe thunderstorm at the close of the afternoon service.

The C. W. B. M. of the Martinsburg church of Christ will entertain the members of the C. W. B. M. of Eden church at an all-day meeting at the home of Mrs. John Harris near Martinsburg, Thursday.

The union meeting of the Licking county Churches of Christ will be held at Eden next Saturday. A basket dinner will be served at the church. Everybody welcome.

Mr. and Mrs. Ira Burkholder of near Martinsburg, spent Sunday with

the former's parents, Mr. and Mrs. Vance Burkholder.

Miss Elsie Taylor was a guest of Miss Sarah Smith Saturday night and Sunday.

Mrs. Ann Murphy returned to her home in Newark, Monday, after a pleasant visit with Mr. and Mrs. J. T. Hughes.

Dane Handel with a party of friends from Newark, autoed to Camp Sherman at Chilli-cothe, Sunday, and spent the day with friends there.

Mrs. Minnie Livingston was a guest of Mr. William Jones last week.

Mr. and Mrs. H. W. Priest, and daughter Elsie spent Sunday with Howard Priest and family of Forest Glen.

A. E. H. spent Monday with his father.

Ira King made a business trip to

the former's parents, Mr. and Mrs. Vance Burkholder.

SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

Spend 25 cents! Dandruff disappears and hair stops coming out.

Try this! Hair gets beautiful, wavy and thick in few moments.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots become loosened and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter for a few cents; apply a little as directed, and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff, no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?—Advertisement.

RESOLUTIONS.

Whereas, Our Heavenly Father has seen fit to call from our midst and our Order, our beloved sister, Sarah Ella Price, who departed this life Sept. 14, 1917, be it therefore Resolved, that we, Chatham Grange, No. 1791, extend our fraternal sympathy to the bereaved family in this hour of sorrow.

Resolved, that our charter be draped in mourning for a period of thirty days; and be it further

Resolved, that a copy of these resolutions be spread upon our minutes, a copy sent to the family of the deceased, and a copy sent to the county papers and to The National Grange Monthly for publication.

MICHAELIS' PLAN FAILS.

(ASSOCIATED PRESS TELEGRAM) Amsterdam, Oct. 17.—With a view to saving what the newspaper calls his "sinking chancellorship" Dr. Michaelis, the imperial German chancellor according to the Boerschen Zeitung of Berlin, offered Friedrich von Payer the post of vice chancellor held by Dr. Karl Helfferich. The newspaper adds that Von Payer, who is a progressive member of the reichstag, declined to accept the portfolio.

CHURCH MEETING CLOSES.

(ASSOCIATED PRESS TELEGRAM) Columbus, Oct. 18.—Congregationalist ministers and laymen from all parts of the country were returning to their homes today following the closing last night of sessions of the National Council of Congregational churches, in convention here for the past week. The meeting place for the next biennial convocation has not yet been decided upon.

SUGAR MILL WORKERS IN CUBA AGREE ON STRIKE SETTLEMENT

(ASSOCIATED PRESS TELEGRAM) Havana, Oct. 18.—The strike of the sugar mill mechanics, which began early in the month in Santa Clara province, when the demands of the men for an eight-hour-day and double pay for overtime were refused by the mill-owners, and which threatened seriously to interfere with the harvesting of the sugar crop, appears to be near a settlement. The mill-owners were opposed to an eight-hour-day on the ground that it would interfere with the full operation of the mills in crop time, when the men must work 12 hours a day. A committee representing the Mechanics' Association, composed of E. Azpiroz, private secretary to the president of the republic; Senator Rivero, and Representative Cabrera, presented a request to the mill-owners that the eight-hour-day be recognized, with the provision that the men would obligate themselves to work 12 hours when necessary, if paid on the eight-hour basis, agreeing also to accept pay for overtime at the same rate.

On this basis most of the mill-owners have signified their willingness to grant the men's demand. The men have agreed for the duration of the war not to go on strike before submitting their petitions to their employers, and in case no agreement is reached, to submit their grievances to an arbitrator, who shall be the president of the republic.

It is believed that a settlement will be effected by the end of the present week.

A Wife Responsible.

HEADACHE FROM A COLD? LISTEN!

Your cold will break and all gripe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as Pape's Cold Compound, which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Advertisement.

25 Years Ago

(From Advocate, Oct. 18, 1892.) Mr. and Mrs. J. R. Ashbrook of South Fifth street, entertained last evening for the purpose of closing the contest of the rag carpet for which the Sheridan Circle No. 6, had been soliciting.

Charles Dean who has so successfully conducted the well known Dean House on South Second street, has sold out and will embark in another business.

Mr. E. L. Starr has moved his shoe shop on North Fourth street to the new building on the opposite side of the street.

On Tuesday evening, Miss Minnie Harbaugh and Miss Bertha Frenier gave a surprise party in honor of Miss Emma Davis of Columbus.

Misses Mary and Mame Brennan are visiting friends in Zanesville. Mr. and Mrs. Wm. P. Young, Harry Hibbert and G. W. Spellman are in Chicago to witness the dedicatory ceremonies of the World's Fair.

15 YEARS AGO.

(From Advocate, Oct. 18, 1902.) The following officers were elected this morning at the Boys Brigade meeting at the Y. M. C. A.: Captain, Roe Morrow; first lieutenant, Lyman Beecher; second lieutenant, Albert Connelly and first sergeant, Duane Fulton.

John Baird has recently purchased the Clint Stunt blacksmith shop on Fourth street.

The Auditorium orchestra has re-organized with the following members. Otto Myers, leader; Fred Mosteller, J. R. Sook, Jacob Stock,

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or head noises go to T. J. Evans or any druggist and get 1 ounce of Par-mint (double strength), and add to it 1/4 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial.—Adv.

BETTER HEALTH FROM INTERNAL BATHS

Miss Frances Herrod writes Dr. Chas. A. Tyrrell of New York as follows: "I am very glad to tell you that I am more than pleased with the results obtained from the use of the J. B. L. Cascade, and am in better health than I have been in years."

This is but one of thousands of the same kind of letters received by Dr. Chas. A. Tyrrell of New York, the inventor of the "J. B. L. Cascade."

By a purely natural process of properly using warm water, the "J. B. L. Cascade" removes all the poisonous waste from the lower intestine, which physicians agree is the cause of 95% of all human ailments.

Hudson Ave. Pharmacy, R. L. Williams, Prop., 322 Hudson Ave., Cor. Oak St., Newark, O., have filled an enormous demand for "J. B. L. Cascades" in the past few years, and will show and explain it to you on request. A free and interesting booklet on Internal Bathing—"Why Man of Today is Only 50% Efficient"—can be obtained at their store free of any cost. Adv.

LIKE A BOY AT 50 BUBBLING OVER WITH VITALITY--TAKING IRON DID IT

Doctor says Nuxated Iron is greatest of all strength builders—Often increases the strength and endurance of delicate, nervous folks 100 per cent. in two weeks' time.

New York, N. Y.—Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man. In fact a young man he really was notwithstanding his age. The secret he said was taking iron—Nuxated Iron had filled him with renewed life. At 50 he was in had health; at 60 he was careworn and nearly ill. Now at 70 after taking Nuxated Iron a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or rundown instead of dosing themselves with habit-forming drugs, stimulants and alcoholic beverages I am convinced that in this way they could ward off disease, prevent it becoming chronic in thousands of cases and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney liver, heart trouble and other dangerous maladies. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your body cannot grow through you without doing you any good. You don't get the strength out of it and as a consequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see for yourself how

much you have gained. I have seen dozens of nervous run-down people who were ailing all the while, double their strength and endurance and entirely get rid of all symptoms of nervousness, liver and other troubles in from ten to four-teen days time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. Don't take the old forms of reduced iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like Nuxated Iron if you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the fray. While many another has gone down to ignominious defeat simply for the lack of iron—E. Sauer, M. D.

NORF—Nuxated Iron, recommended above by Dr. E. Sauer, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The many factors have such great confidence in Nuxated Iron that they offer to forfeit \$100 to any charitable institution if they cannot take any man or woman under 60 who lacks iron, and increase their strength 100 per cent or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Wm. A. Erman, Evans' Cut Rate Drug Store—Advertisement.

Welcome News For Bunion Sufferers

If you are suffering from an obnoxious Bunion—no matter how large or painful it may be—come here and get a full box of the celebrated Bunion Comfort Plasters—try one or two plasters, as per direction, and if you do not get almost instant relief and feel perfectly satisfied, bring back the remainder and get your full money back. You need not pay one cent if "Bunion Comfort" does not prove entirely satisfactory. Why continue to go about with swollen, misshapen feet? Why say that Bunions can't be cured, when here is a guaranteed remedy—easily applied—no cutting—no pads or plates—but a wonderfully medicated plaster that works like magic and gives instant relief.

Over 72,000 cases cured last year—over 15 years of continuous success—but an established remedy. It's worth ten times its weight in gold. You can have it on guaranteed trial today.

YOUNG PEOPLE TO HOLD THREE DAYS' CONFERENCE HERE

The first annual conference of Young People's organized classes of the State Sunday School Association will be held in Newark November 20th, December 1st and 2nd. This includes all of the organized classes in the Sunday school between the ages of 13 and 24 years. The sessions will be held in the Central Church of Christ and First Presbyterian churches.

There will probably be 250 to 300 delegates representing all of the counties in the state of Ohio in our city for three days.

The local committee in charge of the conference is G. R. Hackney, general chairman, Prof. G. C. Winter, Anna Gardner, Dorothy Roesser, Ralph Woltjen and Mrs. Will O'Bannon. Other committees are rapidly being formed and will be published as soon as completed. As the different chairmen call for a meeting let every person on the committee make a special effort to be present. The following have been appointed on the finance committee:

Ernest Cockran, chairman, Central Church of Christ.
Albert Warner, Neal Avenue M. E.
Dennis Orr, West Side Lutheran.
Chas. Scott, Pine Street C. U.
Mrs. William Elliott, Maple Avenue C. U.
Mrs. William DeLong, East Main M. E.
Jesse Baughman, East Main U. B.
Charles Mayer, First M. E.
Emma Boggs, Plymouth Congregational.
Elizabeth Jones, First Presbyterian.
Marguerite DeFrance, West Side Church of Christ.
Fred Simpson, North Side Church of Christ.
Mabel Ellis, First Baptist.
Martha Mount, Woodside Presbyterian.
J. W. Shannon, Tenth Street U. B.
Paul Ziegfeld, St. Paul's Lutheran.
Lois Snoor, Second Baptist.
Sheldon Eckfeld, Second Presbyterian.

LECTURES ON BIBLE AT ST. PAUL'S LUTHERAN CHURCH

"My Bible" is the subject of the lecture to be delivered by the Rev. Arthur H. Kuhlman A. M., tomorrow (Friday) evening, at 7:30 o'clock at St. Paul's Lutheran church, in South First street, under the auspices of the Luther league.

The address will put forth just what a great book the Bible is—its literary value, as the basis of ethics, its use in moral and civil law, and the source and rule for faith and practice.

In speaking of the lecture H. L. Ridenour, instructor of the department of English, in the University of Wisconsin, says: "Recently I had the pleasure of listening to the lecture of the Rev. Arthur Kuhlman on 'My Bible.' The lecture is inspiring and worthy of a wide hearing. Mr. Kuhlman's lecture will be of service in making clear the values of the Bible in terms comprehensible to the average layman."

The public is cordially invited to hear this discourse.

AMUSEMENTS

ALHAMBRA.
Tonight.
The multitude of movie fans with whom Carlyle Blackwell is a prime favorite, will be glad to hear that, with charming June Elvidge as his costar, he will appear at the Alhambra theater tonight in "The Marriage Market," the newest World picture Brady made. The story told in this production is one that is filled with surprises and exciting incidents. It is a logical and consistent drama and ends with a big climax that will delight every movie fan.

Friday and Saturday.
Viola Dana, star of the Metro wonderplay, "The Girl Without a Soul," is one of the most versatile as well as one of the youngest of stars. In the present production she acts the dual role of Priscilla Beaumont, a talented violinist and her twin sister, Unity, who has no talent except that of being sweet and wholesome.

Previous Metro successes in which this charming little star has appeared include "Aladdin's Other Lamp," "Lady Harnelle," "God's Law and Man's," "Gates of Eden," "The Light of Happiness," "The Mortal Sin," "Threads of Fate," and "The Flower of No Man's Land." Miss Dana is a very rich and well known to the screen world. Edna Flugrath being a London favorite, and Shirley Mason exhibiting her talents on this side of the water.

In "Under False Colors," the Pathe "thriller" which will be the feature at the Grand theater Thursday and Friday Robert Vaughn has the part of Jack Colton, son of a very rich and powerful New York financier. Strange to say Young Colton is not idle, stupid and no account. He is a bright, up-to-date business man and his father's chief lieutenant. Likewise, he is resourceful and when he meets the right girl, an ardent suitor.

"Under False Colors" was produced by the Thanhouser Film Corporation, and will be released by Pathe. The two stars, Frederick Waide and Jeanne Eagels are supported by an excellent cast.

AUDITORIUM

"The Slacker," Metro's great seven-reel patriotic photodrama, written and directed by William Christy Cabanne, will be issued soon as a special production de luxe. Emily Stevens is the star of this feature, and her superb artistry with-stander with the special genius of Cabanne to produce a masterpiece. "The Slacker" has a powerful story, of special appeal to Americans, and is dealing with conditions as they are today and as they must be faced in the future. "The Slacker" Christy tells his husband to solve his own problem, as wives throughout America will help their husbands and friends to solve theirs. "The Slacker" is a play that will build patriots.

In addition to a story of force and interest, the production reveals the great events of the nation's history, making a panorama of brave deeds. George Washington, Nathan Hale, Paul Revere, Grant, Lincoln, Francis Scott Key and other patriots are pictured in the most vital moments of their careers. All the allied nations engaged in the present conflict are also represented in patriotic array.

The wonderful photodrama is shown at the Auditorium today and tomorrow. There will be no advance in prices for this engagement.

Wrist Fractured.
 Emerson Brillhart, North Fourth street, suffered a fracture of his right wrist while playing ball the first of this week.

Successful Sale.
 County Commissioner J. E. McCracken conducted a very successful sale Tuesday at his farm on the south of Toboso. Commissioner McCracken will move to this city in order that he may best serve the interests of the taxpayers. The new board of county commissioners is being highly commended by everybody for the manner in which they are taking hold of county affairs, and they are delving into every matter which needs their attention.

Kirkersville Street Fair.
 The citizens of Kirkersville will hold a street fair and coin show on Friday and Saturday, Oct. 26 and 27. There will be an exhibition of farm products, fruit and vegetables. Over \$300 in prizes will be given. A play will be given at the town hall Friday night and a masquerade Saturday night.

Had Four Accomplices.
 Charles Harris, charged with stealing an auto at Wilmington, Clinton county, O., and who was arrested in this city by local police officials, was returned to that county yesterday afternoon by Sheriff Stanley Arthur. Harris claims to have had four accomplices. The auto was driven back by the sheriff with his prisoner.

In Denver.
 Ernest Moore, son of Mrs. Louise Moore, is appearing at the Keith theatre in Denver this week. While there he is a guest of his uncle, John A. Kuster.

Football to Granville.
 Lee Arthur, who was injured in a football game at Granville several weeks ago, was removed from the City Hospital to his home in Granville yesterday in the Bazer ambulance.

On Food Committee.
 T. O. Sattler, 9 Burt avenue, has been notified by wire from the office of the Federal Food Administrator of Ohio that he has been selected as a member of the county board and has been requested to report to W. M. Morgan, Y. M. C. A. War Work.
 The executive board of the Y. M. C. A. will meet at 7 o'clock tomorrow evening at Masonic Temple. Dr. Timberman of Columbus will be present to represent the branch of the war work council in Ohio. A number of Newark men will meet with the board and have supper tomorrow night before hearing Dr. Timberman.

STOLEN FORD FOUND HIDDEN IN BUSHES NEAR HORN'S HILL

The Ford machine stolen from Mr. McCracken of Gratiot, O., was recovered in an abandoned road leading from Horn's mill to the creek bottom. The machine was hanging down an embankment, blocked from falling into the river by underbrush and a couple of small trees. It was discovered by the merest chance by a farmer named George Roberts, who reported it to the patrol station and Capt. Chas. Hager and several patrolmen went to the place and recovered the car after an hour's hard work. The car had been abandoned at that point and hidden, the auto thieves evidently expecting to return and make away with their booty later.

ROOF—TAYLOR.
 The marriage of Miss Louise Taylor and Mr. Riley Roof was solemnized at the parsonage of the First M. E. church, Tuesday, by Rev. L. C. Sparks. They are spending the week with friends in Columbus and Sunbury.

It's all right to think twice before you speak, but some other fellow is apt to get in ahead of you.

(Political Advertisement.)

FLYING SQUADRON NEXT SUNDAY

Complete arrangements have been made for the Flying Squadron, made up of the troops next Sunday. One change is made which needs to be noted. Troop A will not stop at Hanover, but will go on to Black Hand. This change is made in view of the Oliver W. Stewart meeting which is to be held in Hanover in the afternoon. Let us impress it upon all who can go on the trips to be at dry headquarters to leave promptly on schedule time which is 12:15 standard. To make these tours of most interest the schedule must be followed as to time. We are hoping to have a large number of automobiles going out on one of these trips. Already much interest has been shown in it. Go with us and be there promptly at 12:15. The itinerary is as follows: Leave Dry Headquarters at 12:15 p. m. standard time, reach Black Hand at 12:35; Smith

WOMAN SUFFERS BAD BRUISES IN AUTO ACCIDENT

Mrs. Thomas Carrier, residing at Thornville, was struck by a Ford runabout shortly before noon today, suffering a bad bruise on the right cheek and minor body injuries. She was able to be taken to her home in a machine a short time later.

The runabout was driven by its owner, D. W. Francis, who resides at 66 North Seventh street. He was turning the corner at Third and West Main and Mrs. Carrier was crossing the street. She was knocked down and one of the wheels passed over her head and the other over her legs. She was suffering from the shock, but it is not anticipated that any serious results will follow.

POSTOFFICE EMPLOYEES BANQUET JESSE GROVE

Employees of the postoffice tendered Jesse A. Grove a farewell banquet at the K. of P. hall, East Main street, Mr. Grove having accepted a deputyship under County Auditor Fred S. Wilson. Frank T. Hirst presided as toastmaster, and a number of short speeches of felicitation were made, among them being that of Postmaster Frank T. Hirst, Auditor Wilson, himself a former post-office employee, Postmaster Zintmeister of Zanesville, and Superintendent Richards. Mr. Grove, one of the best-known carriers on the force, served for 17 years in the local office. All present at the banquet tendered him their best wishes for continued success in his new vocation.

BANK ROBBERS GLAD NO BLOOD SPILLED

(Continued from Page 1.)
 believed we could sprint around the buildings and get out of range. That is why I proposed to my partner that we go get a drink. The Newark men almost forced us into the auto and when we were on our way back to Newark I knew that we were gone unless I killed the fellow. He had the guns in the rear with Davis and I could have pulled my gun and shot him and made a break for liberty, but we didn't want any blood-stains on our hands."

Bank officials at Granville stated today that they would pay the \$500 reward just as soon as they could decide to whom it should be paid. There are four claimants, Messrs. C. O. Burke, Dan Coffman, who drove out to hunt the bandits in company with Burke, man from Delaware county who hauled the soldiers from Central City to Hebron and Marshal Jos. Shipley who drove up to the Coffman machine and stopped while Coffman and Burke were bringing the robbers to the patrol station in this city. Bank officials stated today that Burke had the prior claim and that it was due to his activity that they were captured. However they will hear the claims of all the men.

Assistant Cashier Pierce is in Columbus today attending the dairy show and his one regret was that he could not reach his gun when the young men commanded him to throw up his hands.

Miss Addie Slack suffered no ill effects from her fright and the experience of being shut up in a bank vault. She was on duty today and met all customers with a smile and a laugh over her unpleasant experience.

C. O. Burke, captor of the robbers, stated today that when he left the city in company with Mr. Coffman no reward had been offered for the men and it was offered after he had secured a description of the men and was on his way through the country. He was glad of course to learn that a reward would be paid but he was more pleased to know that he had been instrumental in rounding up the two men as their capture would undoubtedly have great influence in preventing crimes of a like nature in small villages similar to Granville.

GARFIELD WAITS FOR REPLY FROM COAL OPERATORS

(Continued from Page 1.)
 tomorrow morning should not be put into effect.

The coal mine operators of the southwestern interstate coal operators' association viewed the conference as a probable step toward resuming the interrupted negotiations over a wage scale contract, according to F. W. Lukins, president of the organization.

Two district presidents, upon receipt of a telegram from National President J. P. White urging that the strike be postponed, declared their

intention of disregarding the request.

THREE DAYS' SUPPLY.
 (ASSOCIATED PRESS TELEGRAM)
 Chicago, Oct. 18.—A three days' coal supply is all that remains in this city today, according to coal dealers, who said that unless the strike of more than 15,000 coal miners in southern and central Illinois is settled before Saturday night or the government intervenes, a serious shortage will result.

Federal Fuel Administrator Garfield has notified the miners and the operators that unless their differences are composed, the government may take over the coal mines and operate them, and Frank Farrington, president of the Illinois Federation of Coal Miners, has telegraphed all local unions to return to work at once and await the action of the government on the promised increase in wages.

Illinois mines produce approximately 400,000 tons of coal a day when normal conditions prevail, but according to advices to dealers here, the total output of the state yesterday was only sixty thousand tons.

DEALERS BOOST PRICES.

(ASSOCIATED PRESS TELEGRAM)
 New York, Oct. 18.—Retail coal dealers here are refusing to accept orders for immediate delivery and express concern over the apparent prospect that delay in receipt of supplies will result in one of the most serious coal shortages in the city's history. Some dealers are reported to be demanding as high as \$9.25 a ton, or fifty cents more than the price established by Harry A. Garfield, federal administrator.

In various parts of the city many retailers yards are said to be empty with householders unable to obtain their winter supply of coal.

STRIKE IS RENEWED.

(ASSOCIATED PRESS TELEGRAM)
 Terre Haute, Ind., Oct. 18.—After voting to return to work at a mass meeting last night, miners employed in the Clinton field, Glendale and other local mines, changed their minds this morning and the local situation is regarded as graver than ever. Two new strikes are reported at Sullivan, due to coal conditions.

RIVER AIDS COAL SUPPLY.

(ASSOCIATED PRESS TELEGRAM)
 Cincinnati, Oct. 18.—It was learned here today that by the manipulation of the Ohio river, Kanawha river and Big Sandy river dams an artificial wave will be created tomorrow which will permit the shipment to Cincinnati from the West Virginia mines of the largest river consignment of coal ever received in Cincinnati. It is said that shipment will contain 2,500,000 bushels. The fuel is intended for several Cincinnati retail coal dealers. It may reach here Monday. According to dealers, the shipment will not have the effect of reducing prices. One dealer said: "Cincinnati is virtually without coal and I cannot see how it is possible for the prices to fall. The shipment of coal coming will be large but it will not take long to place it."

Some of this coal likely will be unloaded at small towns along the river.

SPINE IS INJURED.

Mrs. Emma Moore, of 52 Linden avenue, was seriously injured in a fall down stairs at her home Tuesday. She fractured two ribs and injured her spine, also receiving numerous minor bruises. Dr. W. B. Nye is the attending physician and her two daughters, Mrs. T. R. Ush and Mrs. C. L. Vanarsdale of Marion are at her bedside.

Old Time Virginia Taverns.

So universal in the early days in this country was the custom of free entertainment that it was a law in Virginia that unless there had been a distinct agreement to pay for board and shelter no pay could be collected from any guest, no matter how long he remained. In the few taverns that existed the prices were low, about a shilling a dinner, and it was ordered that the meal must be wholesome and good.—Exchange.

LOOKS LIKE FUR. BUT IT'S FEATHERS

Looks like fur, but it isn't. This striking turban of dark crimson velvet is banded together with brown and cream colored decorated ostrich feathers. The standing quill is also an ostrich feather, unclipped. The turban is certainly unique and pretty. It gives the wearer that chic dashing appearance that is so hard to obtain without in many cases using frank clothes and hats.

NOTICE TO GRANGERS OF LICKING COUNTY MEETING OCT. 24

Through the efforts of the executive committee of the Ohio State Grange, Brother John C. Ketcham, master of the Michigan State Grange, will discuss the issues of the dry campaign in Newark on the evening of October 24.

The co-operation of every granger in the county is desired to make the meeting a success. Hear him, if possible. C. A. WAGY, Master Pomona Grange.

The education committee of London, England, has accepted the offer of clergymen of all denominations to to do national service as school teachers.

THE MODERN DENTIST

BOND BOOSTERS ON TRIP THRU COUNTY; DRIVE UNDER WAY

Seven automobiles filled with insurance men from the Licking County Underwriters' Association are making a two-days' campaign in the interest of the Liberty Loan. They started early this morning distributing posters and literature about the loan and calling on the leading farmers of the various townships to enlist their interest. They are arranging for meetings in Granges, school houses, churches and calling attention to Liberty Day, Wednesday, October 24, which has been made a holiday by President Wilson.

The insurance men carried subscription blanks and will bring in applications for subscriptions. They met at the Chamber of Commerce last night and their plan of work was mapped out by Walter C. Metz, chairman of the committee. The insurance salesmen will devote the greater part of their efforts to the southern and southeastern townships which are the most remote from the big centers of population and the banks.

Reports received by the county committee show that the people of Johnstown, Alexandria, Croton, and that part of the county are leading in subscriptions, hence the need of stimulating the other districts. Strong efforts are needed to make up Licking county's allotment and the campaign is now reaching its climax.

Next Sunday will be Liberty Loan Day in the churches of Newark and county. Not only will the pastors plead for support of the loan, but in a number of churches special speakers will explain it. The Boy Scouts are taking active interest by making house-to-house solicitations. The Newark Council of Defense is working out a program for Liberty Day when a public demonstration will be given. Similar demonstrations will be held all over the county.

Ray Ballinger of Field, Richards & Co., a prominent Cincinnati bonding house, is assisting the county committee in putting over the campaign. He addressed the Rotary club at the last meeting and it has volunteered to give service.

Proportions designated to respective townships based upon taxation returns of Licking county as to proper approximate amounts which should be expected to be subscribed to the second Liberty loan:

Townships	Amounts
Bennington	10,000.00
Bowling Green	10,000.00
Brlington	15,000.00
Eden	6,250.00
Etna	15,000.00
Fallsbury	3,750.00
Franklin	4,500.00
Granville and Village	62,000.00
Hanover	10,000.00
Harrison	20,000.00
Hartford & Croton Vil.	17,500.00

Total \$501,000.00
Newark (City) \$250,000.00

Total for Licking County \$750,000.00

THREE BROTHERS ON HUNT FOR SLAYER OF YOUNG SISTER

(ASSOCIATED PRESS TELEGRAM)
Lorain, O., Oct. 18.—Retribution stalked today on the trail of the slayer of thirteen-year-old Mary Koehler when the girl's three grown-up brothers, Stephen, John and Joseph Koehler, took the field with the announced determination of finding and dealing personally with their sister's slayer.

Sheriff William Whitney has announced a personal reward of \$100 contributed from his own funds after finding the child's body in the brush along a woods path leading from her home on Elyria avenue to a district school half a mile distant. This reward is additional to the \$500 voted yesterday by Lorain county's supervisors for the capture and conviction of the slayer.

Lorain is in a ferment over the crime, the second fiendish assault in the last three weeks. Twelve-year-old Mary Szabo is in a hospital recovering from an attack, probably by the same man, committed September 22. It is on her identification of a suspect that the authorities depend for conviction if the description of her assailant tallies with that of a strange man seen in the vicinity of Tuesday's crime.

All peace officers of the county have combined with the police of Elyria and Lorain to seek the murderer. Diligent search was made last night in the Ramsay Corners district, where scores of girls and women have told of encounters with a degenerate. Race feeling runs high in the city and open threats of forcible expulsion of undesirables are heard about the streets.

METHODISTS HOLD DISTRICT MEETING AT FRAZEYSBURG

A conference of the Zanesville district of the M. E. church will be held at Frazeysburg, the sessions opening at noon today and concluding at 4 o'clock Friday afternoon. The meeting is being held in the M. E. church at Frazeysburg, and evangelism will be the important feature to be considered.

This afternoon, Rev. Paul E. Kemper, pastor of the Neal Avenue M. E. church delivered an address on "Conducting a Revival in a Country Church" and was followed on the program by Rev. J. E. Walters of the East Main street church, who spoke on the subject of "Organizing a Church for Evangelistic Effort."

This evening, Rev. L. C. Sparks of the First M. E. church will talk on "What Would John Wesley Say?" On Friday morning a conference in an all Ohio Educational campaign will be conducted by Dr. Jenkins of Delaware.

The meetings will adjourn Friday afternoon at 4 o'clock.

GOOD PROGRAM FOR HELLO MEETING AT FIRST M. E.

The "Hello" meeting to be given by the Young People's City Union in the social rooms of the First Methodist church this evening promises to be a success. A good program has been prepared to be followed by a social hour. The young peoples societies from the three Methodist churches will act as hosts. The Young People's City Union consists of the Epworth League, Baptist Young People's Union and the Christian Endeavorers of the city and a meeting is planned that all may get better acquainted. All young people of the city are invited.

GERMANS LOSE ELEVEN AIRPLANES IN FRANCE

(ASSOCIATED PRESS TELEGRAM)
Paris, Oct. 18.—Eleven German airplanes were shot down by the French yesterday or driven to earth in the German lines in damaged condition, the war office reports. Nancy was again attacked, this time by a squadron of 30 German machines.

AIRPLANE FLIGHT CANCELLED.
Dayton, Oct. 18.—The proposed airplane flight from Dayton to Columbus was postponed on account of the weather. It may occur Friday.

SPEEDING CAR HITS GROUP OF MEN; TWO KILLED, ONE HURT

Columbus, O., Oct. 18.—Two men working at a street improvement were killed and another was fatally wounded last night when a speed-law violator, in a stolen automobile, ran into a group of five men working in the roadway.

The alleged automobile thief later was arrested and is held without bail on five different charges, two of which are manslaughter.

The dead: Amos Heath, 60 years old, and Alman Upperman, 21.

J. W. Owens, 38 years old, is in a local hospital and surgeons say his recovery is doubtful.

Raymond Cook, 21, son of a prominent family, was held as the driver of the high-powered machine which killed the men. He is said to have confessed to the police that he stole the machine and drove it into the workmen. He blamed drink for his actions, the police say.

After killing the men the murderer drove off at a high rate of speed, later to return over the same street. This time, however, it did not hit any one, though the street was crowded.

"LARGEST BECAUSE BEST"

the election machinery of the state will stand ready after this fall's election to help the federal government in its hunt for slackers.

This month's election registration can be scanned, he points out, to see if all the persons of military age who register for voting registered for military service last June.

Ohio election officials will leave Saturday and Sunday for Montgomery, Ala., where Ohio soldiers will be given opportunity to vote, beginning Monday morning. It is estimated 10,000 to 12,000 men will vote.

Brigadier General W. V. McMaken is the military officer in charge of the election.

The Germans continue to construct their submarines, but it's a mighty low down business.
